

## **CASHLESS BRACELETS EXPERIENCE**

The start of the event is near and with this document we want to explain how the payment system for all the services of the event (foodtrucks, bars, raffles, physio, store, bathtubs...) will work.

The **only system or form of payment** inside our enclosure will be through our **event wristband** that will be given to you inside the participant's bag.

### ***General information***

- Inside the participant's bag you will have the necessary wristbands for all the members of your team.
- These wristbands are totally free for your registration to the tournament.
- Our wristbands have a chip and a code on the back of them to identify them, recharge them and pay for them.

- It is important that you take care of your bracelets.
- If you lose your wristband any money on it will also be lost.
- If you lose your wristband you will have to buy another one online and go to redeem it at the event store or the event office.
- When you receive your wristbands they will be unloaded, to start using them you will have to recharge them.

## ***How to recharge your bracelets?***

### 2 ways to recharge

## ***How do I pay with my wristband?***

- Inside the event venue there will be different areas to consume a variety of products and services.
- To pay with my wristband I will go to the service I want.
- I will indicate to the waiters/vendors the product I want.
- They will select it on the PDA to which I will have to bring the wristband.
- With this simple gesture I will be paying.

### ***How do I participate in raffles with my wristband?***

- Raffles will be made according to the consumption made by teams.
- On the screens in the village area, the ranking of drinks per team will be updated live.
- The teams that consume the most will be awarded prizes.

### ***How do I contribute to the social action with my wristband?***

- In this event we are contributing to the association Goals for freedom. An association destined to build infrastructures for children in Uganda.
- In order to participate, you must buy tickets at any of our points of sale (bars, foodtrucks, physio, baths, store...).
- The more tickets you buy, the more chances you will have to win any of the prizes.
- Each ticket you buy will not be a physical ticket, but will be linked to your wristband and the code on the back of it. That's why it's so important that you don't lose it.
- On the night of June 30, this raffle will take place.

**WE ENCOURAGE YOU TO CONTRIBUTE AND HELP GOALS FOR FREEDOM ACHIEVE ITS GOAL! ALL PROCEEDS WILL BE DONATED IN FULL TO THE ASSOCIATION.**

### ***What do I do if I lose my bracelet?***

- In case of loss or misplacement, we are not responsible for any money that may be left inside the bracelet.
- Once lost, you will have to buy another one (general wristband cost 2€) to be able to make payments inside the enclosure.
- It is important to take care and keep the bracelet as if it were our wallet or our credit card.

### ***What to do with my wristband when the event is over?***

- Once the event is over, the money left on the wristband will not be returned.
- On the last day, smaller recharge amounts will be available so that you can recharge just enough money to consume and spend what is left on your wristband.
- Most importantly, keep your wristband as a souvenir of this event.
